At times all parents and caregivers feel lost or without a clue about what children might need from us. Imagine what it might feel like if you were able to make sense of what your children were really asking from you. The Circle of Security® Parenting™ program is based on decades of research about how secure parent-child and teacher-child relationships can be supported and strengthened.

Learning Objectives of the Training:

- Understand children’s emotional world by learning to read the emotional needs
- Support a child’s ability to successfully manage emotions
- Enhance the development of a child’s self esteem
- Honor your innate wisdom and desire for children to be secure

“Circle of Security” program contains 8 sessions. Space is limited. Please mark your calendar and make sure you will be able to attend the dates listed below.
