

The Block Center may be the single most useful center in the early-childhood classroom. Learn how to plan exciting play experiences in your block center. Engage young children to develop new concepts when building with blocks. We will look at the developmental stages of block play so we can observe what needs to be available for the children to enhance that stage and encourage them to move to the next stage. We will discuss ways to enhance block play by using accessories that increase what your children are learning.

# Stack It Up with Blocks!

Tuesday, October 2, 2018: 6 PM – 9 PM

ELC Spring Hill Office
