**Early Mathematics for Early Learners:
Patterns, Measurement and Data (Math 3):**
Saturday, September 22, 2018
from 9 a.m. to 12 p.m., reference #8374

**Location: ELC Spring Hill Office3
15506 County Line Rd.
Spring Hill, FL 34610**

This instructor-led course is appropriate for directors and teachers of 4 and 5 year old children. Course participants will gain early math knowledge and practical information about how to structure the classroom environment and plan activities to integrate math concepts and skills throughout the learning day. The course focuses on the mathematical thinking patterns and measurement standards outlined in the Florida Early Learning and Developmental Standards for Four-Year-Olds (2011) and the importance of using a developmental progression when teaching math throughout the day. Picture slideshows and videos filmed in Florida's early learning classrooms as well as interactive activities will provide examples for how to support children in learning new math skills and using the "language of math". The pictures and videos presented will also demonstrate best practices for instruction of the mathematical thinking patterns and measurement standards outlined in the Standards for Four-Year-Olds. This course is module 3 of 4 early mathematics courses.3 hours;0.3 CEUs. You must register on the DCF website for this training.
