

VPK Math Trainings

Early Mathematics for Early Learners:

VPK Math 1: Making Sense of Sets and Numbers
January 30, 2018 from 6 p.m. to 9 p.m.
reference #7897

VPK Math 2: Counting and Operating with Numbers, March 19, 2018 from 6 p.m. to 9 p.m.
reference #7898

VPK Math 3: Patterns, Measurement and Data
May 24, 2018 from 6 p.m. to 9 p.m.
reference #7899

VPK Math 4: Shapes and Spatial Relationships
July 12, 2018 from 6 p.m. to 9 p.m.
reference #7900

Location: Beacon Community Child Development Center
9025 Star Trail, New Port Richey, FL 34654

These instructor-led courses are appropriate for directors and teachers of 4 and 5 year old children. Course participants will gain early math knowledge and practical information about how to structure the classroom environment and plan activities to integrate math concepts and skills throughout the learning day. These courses focus on the mathematical thinking patterns and measurement standards outlined in the Florida Early Learning and Developmental Standards for Four-Year-Olds (2011) and the importance of using a developmental progression when teaching math throughout the day. Picture slideshows and videos filmed in Florida's early learning classrooms as well as interactive activities will provide examples for how to support children in learning new math skills and using the "language of math". The pictures and videos presented will also demonstrate best practices for instruction of the mathematical thinking patterns and measurement standards outlined in the Standards for Four-Year-Olds. Each course is .3 hours;0.3 CEUs. You must register on the DCF website for these trainings.

For more information about this training or to register, contact Mary Ann Goodrich, VPK Regional Facilitator for the West Central Region call 727-729-0207 or email maryann.goodrich@oel.myflorida.com
